**Subject:** LMT/Yardley Dems: Action Needed-Pennsbury School Board Proposal

**New Pennsbury School Board Region  
Realignment Plan Proposed  
Please Sign the Petition - Available Today or June 10**

The Pennsbury School Board will be voting to approve a realignment plan to equalize the populations of the current three regions to comply with State and Federal Law for "**One Person, One Vote**".

A group of concerned voters, parents, and taxpayers is suggesting that this mandated realignment offers an opportunity to create a system, adopted by other school districts, wherein **a total of nine much smaller, but equal**, regions are created. This means that the School Board would be composed of Board Members who are from nine smaller regions and they can better represent the interests of all the people in the District.

This will make it easier for the Board Members and residents to get to know each other, will result in much smaller and more manageable campaigns, and will preclude a group from one small location controlling the entire Board and dictating the agenda.

In order to get such a plan considered, a petition with 2000+ signatures must be presented to the judge by **Monday, June 11th**. I am urging all recipients of this message to join in this petition drive by signing the petition.

**There will be two opportunities to sign:**

**1) 7:30-9:30PM tonight, Thursday, June 7th**

**Where:** The softball field next to the Township Pool.

Lisa Shiller will be sitting behind home plate and will have petitions to sign.

**2) 11:30AM - 1:00PM on Sunday, June 10th**

**Where:** The entrance to the Lower Makefield Twp. Building  
1100 Edgewood Road, Yardley, PA 19067

Lisa Shiller will also have petitions to sign.

Please help us to create a School Board that is more representative of the areas served by the Pennsbury School system.

Joe Sundeen

Chair - Lower Makefield Democratic Party
